

## IMPORTANT NOTICE FROM ARIZONA METROPOLITAN TRUST (AzMT) ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Arizona Metropolitan Trust (AzMT) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. AzMT has determined that the prescription drug coverage offered under the High Deductible Health Plan in which you are enrolled is, on average for all plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered Non-Creditable Coverage. This is important because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from AzMT. This is also important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible.
3. You can keep your current coverage from AzMT. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully – it explains your options.

## When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15<sup>th</sup> to December 7<sup>th</sup>. However, if you decide to drop your current coverage with AzMT, since it is employer sponsored group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however, you may also pay a higher premium (a penalty) because you did not have creditable coverage under AzMT.

## When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under AzMT is not creditable, depending on how long you go without creditable prescription drug coverage you may pay a penalty to join a Medicare drug plan. Starting with the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

## What Happens To Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current AzMT coverage will not be affected. Your current AzMT medical coverage pays for other health expenses in addition to prescription drugs. If you enroll in a Medicare drug plan, you will still be eligible to receive medical and prescription drug benefits through AzMT. If you do enroll in a Medicare drug plan, in general, the following guidelines apply:

- If you are an active employee, or the covered dependent of an active employee, you are required to obtain your outpatient prescription drug benefits through your AzMT plan first. You can then file on a secondary basis with your Medicare drug plan.
- If you are a COBRA participant, or the covered dependent of a COBRA participant, you are required to obtain your outpatient prescription drugs through your Medicare drug plan first. Secondary coverage is not available through AzMT.

**Important:** You can only waive prescription drug coverage by waiving the entire AzMT medical/prescription plan coverage for yourself and your dependents. Remember, if you do waive your AzMT coverage, active employees can only re-enroll in the medical/prescription combined plan during the next Open Enrollment Period.
